

Semiconductor Talent Incubation Program Taiwan

Study program at NTU and Internship at TSMC from February 2026 on

Application period starts
September 1, 2025

Focus fields of study:

- | | |
|------------------------|--------------------------|
| Electrical Engineering | – Microelectronics |
| Nanoelectronics | – Materials Science |
| Mechatronics | – Automation Technology |
| Automation Engineering | – Robotics |
| Sensoric | – Mechanical Engineering |

Also possible:

- | | |
|------------------|--------------------------|
| Computer Science | – Information Technology |
| Physics | |
| Chemistry | |

Level of study:

- 3rd year of a BA program
- Any semester of a MA program
- 4th semester of a Diploma program
