

Freelance English Teacher for Technical English

The Foreign Languages Department at HTWK Leipzig, University of Applied Sciences, is offering multiple English teaching jobs on a freelance basis in summer semester 2026, for instance:

- **“English for Specific Purposes (B2): Electrical Engineering and Information Technology”** for students of the Bachelor’s degree course Electrical Engineering and Information Technology, each course comprising 90 min per week.
- **“Academic and Vocational English (B2)”** for students of the Bachelor’s degree course Industrial Engineering/Civil Engineering, each course comprising 90 min per week.

Teaching weeks comprise calendar weeks 15-28 in the year 2026. All courses include the responsibility to administer oral and written student examinations (to be scheduled in weeks 30-32/2026).

Our Requirements:

- recognised university degree,
- degree or certificate in English language teaching / didactics, or
- experience and knowledge in EFL / ESP teaching, assessing and examining, preferably at an institution of higher education,
- knowledge in the fields of e-learning / blended learning and learning management systems,
- English language skills on level C1 CEFR or higher,
- German language skills on level A2 CEFR or higher,
- the legal right to work in Germany / tax identification number.

We pay 70,- EUR per double teaching unit of 90 minutes, including a fixed amount of 10,- EUR per double teaching unit as examinations are involved. Remuneration is on a freelance basis in accordance with the guidelines of HTWK Leipzig for teaching assignments. The position is self-employed and not subject to social security contributions.

If you are interested in teaching at HTWK Leipzig, please send your application documents (merged into one PDF document) via e-mail no later than **30 November 2025** to the Head of the Foreign languages department, Mrs. Tober-Nietner: fremdsprachen@htwk-leipzig.de. Interviews are scheduled to take place on short notice in the week of 15 December 2025.

Please note that with your application you simultaneously give your consent to the electronic processing and storage of your personal data until the end of the application process. Costs incurred in connection with the application will not be reimbursed. Applications from severely disabled persons will be given preferential consideration in the event of equal suitability.
